OFFICE OF THE REVENUE COMMISSIONER IN MYSORE
Dated Bangalore, 13th November 1945.
2990

M. SESHADRI,
Revenue Commissioner.

TUMKUR.

8. Fairly well supplied.

9. *Seeds sown*:—Nil.

Standing Crops.—Paddy, sugarcane, avare, ragi and thogari in Tumkur Taluk; well irrigated ragi and sugarcane in Madhugiri Taluk; ragi, avare, jola, same, navane, haraka and paddy in Tiptur Taluk; sugarcane and paddy in Kunigal and Kortagere Taluks are reported to be fairly in good condition. Dry crops are reported to have been almost withered away for want of rains in Sira and Madhugiri Taluks. The recent rains in Madhugiri Taluk have not helped the dry crops. Dry crops are also reported to be withering for want of rains in Turuvekere, Gubbi, Koratagere, Pavagada and Chiknaikanahalli Taluks. Though the recent rains had improved the situation to a little extent, the dry crops are again showing signs of withering as rains have again held up. Rain is also urgently required for dry crops in Kunigal and Tiptur Taluk.

Crops harvested.—Giddaragi in Pavagada Taluk.

10. Fair. Rain is urgently required throughout the District.

11. Cattle are reported to be generally healthy throughout the district except for the prevalence of stray cases of

'Blackquarter' in Nerlekere and Midigesi Villages in Madhugiri Taluk. The local Veterinary Inspector has been requested to take immediate necessary steps for prevention of the disease.

Water and fodder are available in all the taluks except in Handankere hobli in Chiknaikanhalli Taluk and in kasaba Bukkapatna and Kallambella hoblis in Sira Taluk. The recent rains have however slightly improved the fodder situation. State Forests in Sira, Madhugiri and Koratagere Taluks have been thrown open for free grazing. Relief works have been proposed for providing labour to the cooly classes.
